

Professional Summary

A dedicated and practical Civil Engineer with over two (2) years of experience in construction site supervision, building works, surveying, drainage systems, and infrastructure projects. Skilled in coordinating site activities, interpreting architectural and structural drawings, supervising labor teams, and ensuring compliance with quality and safety standards. Experienced in materials testing, levelling, reporting, and monitoring construction progress. Proficient in AutoCAD and Microsoft Excel, with strong leadership, communication, and problem-solving abilities in fast-paced construction environments.

Core Competencies

- Site supervision & quality control
- EHS compliance & safety awareness
- Construction methods & drawing interpretation
- Communication and report writing
- Problem-solving
- Adaptability and teamwork

Experience

1. Civil Engineer Jan 2026 – Present

The State Department of Housing & Urban Development

- Design and supervise civil works (drainage, roads, water supply); review drawings and BOQs.
- Design and review structural systems; assist in steel/concrete detailing, site inspections.
- Support senior engineers in structural drafting, calculations, and supervision of foundation works.
- Inspect building construction for code compliance, structural integrity, and material use.
- Supervise civil works implementation, adherence to specifications and site reporting.

2. Civil & Survey works Intern Oct 2024 – Dec 2025

PalmLand Surveys & Contractors Ltd, Thika

- Conducted engineering surveys, data analysis, and preparation of technical reports for projects.
- Assisted in the supervision of works, ensuring compliance with quality standards and specifications.
- Prepared layout plans and survey reports for approval and review by senior engineers.
- Assisted in data collection and analysis for surveying projects, ensuring accuracy and adherence to protocols.
- Utilized AutoCAD software to prepare technical drawings and site plans for client review.

3. Civil Engineer Attaché Jan 2024 – Apr 2024

Meru Water and Sewerage Services Company Limited – Meru County

- Assisted in inspection, installation, and maintenance of water distribution pipelines, enhancing understanding of underground services and road drainage systems.
- Participated in field surveys and levelling works for pipeline alignment.
- Supported system inspections and intake assessments for stormwater management.
- Conducted water quality monitoring, data collection, for environmental compliance and quality assurance.
- Assisted in asset inspections and preparation of field reports, relevant to road asset management and maintenance works.

Jan 2023 – Apr 2023

4. Civil Engineer Attaché

Kenya Rural Roads Authority, Meru Region, Laare - Ndumuru Road Project

- Assisting in checking levels during backfilling of the culvert section.
- Assisting in the supervision of the procedures of constructing the box culverts and access pipe culverts according to design and standards.
- Assisting in carrying out various tests on materials in the laboratory, performing any other activity as requested by my supervisor.

Skills

- | | |
|---|--|
| • Site supervision | • Drainage systems and culvert construction |
| • Reading and understanding engineering drawings | • Road construction and maintenance works |
| • Planning and organizing construction activities | • Checking completed work and reporting progress |
| • Quality control and materials testing | • Using AutoCAD for simple drawings and design support |
| • Setting out and levelling | • Using Microsoft Excel for records, reports, and calculations |

Education

Jomo Kenyatta University of Agriculture and Technology	<i>Sep 2019 – June 2025</i>
B.SC. Civil Engineering	<i>2nd Class Honors - Upper Division</i>
Chuka High School	<i>Feb 2015- Nov 2018</i>
Kenya Certificate of Secondary School Education	<i>{A- (minus)}</i>
Matiri Primary School	<i>Jan 2006- Nov 2014</i>
Kenya Certificate of Primary School Education	<i>381 (Marks)</i>

Certifications

Employable-Work Readiness Training	<i>Feb 2020- Nov 2021</i>
InBusiness Initiative - Light for the World Kenya	
Peer Counseling Training	<i>Sep 2019- Dec 2019</i>
Jomo Kenyatta University of Agriculture and Technology
